Subject: Tree cutting for ACP

I still have the request to review and comment on the use of two parking lots to use as staging areas for tree-cutting for the ACP. I did reach out to DEQ about this through Sheila Hollman, and late Friday had a call from a gentleman with DEQ who said that either the Raleigh or Fayetteville office of DEQ had approved cutting, but the other had not. That did not answer my question as there was no indication of which counties are approved and which are not approved. So, I couldn't immediately match up those with the locations of the two parking lots. As it was late in the day, I left it for Tuesday to follow up.

Have had the request for about 10 days from Dominion's consultant, maybe a little more. Have not responded, pending answer to my question to DEQ. Until I can check the actual paperwork on Tuesday, I am not sure of when we have to respond, but I think we have some time.
